

Name of Faculty Member:

What is the student organization/event/trip/experience that you will advise in 2023-24?

In the above, what are some things that students will do that will require skills, knowledge, or attitudes that are relevant to your academic program?

Which of the things mentioned above are applicable to the following co-curricular learning goals?

1. Students will practice relevant academic skills in their co-curricular activities
2. Students will collaborate on projects in their co-curricular activities
3. Students will demonstrate civic awareness and civic engagement in their co-curricular activities
4. Students will consider how their co-curricular experiences have contributed to their personal development
5. Students will consider how their co-curricular experiences have contributed to their professional preparation

What would a student need to do or complete in order to convince you that they have met a particular goal in the organization/event/trip/experience that you advise? Please select one of the following:

- A recorded response or written reflection on their experience, as in a survey or questionnaire? (learning goals 4 or 5)
- An assignment whose quality could be evaluated with a simple rubric? (learning goals 1, 2, or 3)
- Meet expectations for constructive participation, as measured in a dichotomous scale (yes/no)? (learning goals 2 or 3)
- Other: what might it be?
